

30<sup>th</sup> September 2016

Dear Parents/Carers

On Monday 10<sup>th</sup> October, Year 3 will have the opportunity to participate in an outdoor learning day organised by SOLD, Surrey Outdoor Learning & Development.

This will include;

- Building shelters
- Making fire
- Creating land art

The activities will take place in school and as you can imagine, the day will involve a fair bit of dirt. Please send your child into school wearing old clothes fit for this purpose (no uniform is required). As we will be going outside regardless of the weather, children will need a waterproof coat and appropriate footwear, wellies would be preferable.

Many thanks,

The Year 3 Team
