

We will be continuing to learn digraphs (2 letters that make 1 sound e.g. sh) and will be applying them to our reading and writing. We will be learning about adjacent consonants e.g. the 'b-r' in brown. We will also continue to learn how to read and write tricky and high frequency words. Please keep learning these at home!

Please, please, please keep hearing your child read and sharing books at home together. Reading about new adventures will inspire their own writing and develop their story telling language.

Reception Topic Web April-May 2018

Here are some of the things that your child is learning this half term. Please support us by talking to your child about the activities and reinforcing them at home.

We will be reading and learning about lots of different stories and thinking about the different characters, the different settings, the problems they may face and their solutions.

We will be retelling well known stories as well as our own stories through puppet shows, small world exploration and stage productions!

We will continue to our learning.

CAPTURE

This half term Clara is going to continue to help us Collaborate. We will be working together and taking turns in all areas of our learning.

We will continue to count, order and recognise numbers to 20, and developing our understanding of place value. We will continue to add and take away using different strategies, and applying what we know to solve problems. We will practise counting in 2s, 5s and 10s. We are still working towards our maths passport targets, please make sure they are in school every Friday.

We will be inspired to write our own stories by listening and discussing well known texts, exploring a box of possibilities, using story stones and looking at thought provoking pictures. When writing we will make sure our story has a beginning, middle and end.

Ladyland Farm

We are really looking forward to our trip to Ladyland farm on Friday 4th May. We will be acting as farmers for the day; feeding all the animals and finding out lots of facts about them. These animals may even give us inspiration for our story writing.

This half term, we will:

- practise being a better Wray Common Citizen by **SEEKING SOLUTIONS** by challenging ourselves to do this as individual, class and school community.

In PSHE, we will be focusing on financial capability. We will talk what money is and how they can make choices about it.
