

SCHOOL DEVELOPMENT PLAN, 2021/22

1. GETTING IT WRITE

by inspiring teachers, expertly delivering a clear and consistent approach to the teaching of grammar, teachers and leaders targeting support, attainment at “meeting” and “exceeding” will rise in every year group - and every child will make at least expected progress since July 2019.

2. SCIENCE OF LEARNING

by deepening our understanding and application of our Expert Teaching and CAPTURE learning models (supported by a series of INSET focussed on evidence-based best practice), monitoring and feedback, and PIPE, teachers will make impactful, conscious decisions about teaching.

3. GUARDIANS OF OUR PLANET

by embedding Environment and Nature learning across the curriculum, targeted year group projects, enhancing the outdoor environment supported by new parent group, children's passion and knowledge about nature and the environment will influence their thinking and behaviours.

4. LEADERS OF INCLUSION

by deepening our understanding of children's needs and how to meet them through INSET, professional dialogue and regular evaluation, all staff will feel confident to lead learning; high quality inclusive practice will be embedded; every child will progress in every lesson; and Pupil Premium children will make accelerated progress.
