To be allocated/contingency	283
Total planned allocation of funding	£105,683

Impact of PPG spend

1. Provide high quality targeted language intervention

Particular focus on reception and Year 1 children, resulting in improved attention and listening skills, an improvement in the language used by the children resulting in them becoming more confident speakers.

2. Raise disadvantaged children’s attainment in Reading, Writing and Maths with a focus

on higher attaining PPG children

Overall children made rapid gains in reading, writing and maths and 37% in reading, 44% in writing and 48% in maths made accelerated progress.

3. Improve attendance of disadvantaged children

Whilst attendance for the majority of targeted children has shown good improvement, attendance for pupil premium children overall remains well below that of non-pupil premium children.

4. To increase quantity and quality of parental engagement

High turn-out of parents at parents evening and other events such as read with your child and maths passport morning.

5. To ensure positive impact and value for money from adult support

92% of children on the Lexia reading programme made accelerated progress in reading and 67% of children made rapid gains..

100% of pupil premium children on Project X made accelerated progress in reading.
