

School Sports Team Selection Policy

At Wray Common School, we want to make sport teams as inclusive and as competitive as we can. As a result of this, during first team selection we take a number of factors into consideration. These factors include:

- Effort and attitude shown in training
- Skills shown during P.E. lessons and training
- Previous match performances

Please note that Year 6 children may be given playing priority as this is their last year to represent the school. If a child is selected for the squad they are guaranteed to feature in the match. Lastly, there will be second team fixtures which will provide further opportunities.
